

305 DAKOTA DUNES BLVD. | DAKOTA DUNES, SD 57049 | (605) 232-6900

At Dunes LASIK Center, we have an unofficial motto: friends don't let friends wear glasses.

For the past decade, Dunes LASIK Center has treated patients using state-of-the-art laser vision correction technology for one of the most affordable prices available in the country. We continue to offer the latest and best possible technologies in laser vision correction, providing the best outcomes for our patients.

Dunes LASIK Center was one of the first clinics in the Midwest to offer iDesign technology. Capturing 1,200 visual points, we develop personalized surgical plans that treat aberrations, as well as nearsightedness, farsightedness and astigmatism. Our combined clinical protocols and surgical procedures allow fast recovery, safety and optimized vision, day and night.

Imagine clear vision without contacts or glasses. Our technology provides dramatic results. Today, the standard of care is 20/20 or better following LASIK! And Dr. Larry Womack and Dr. Steven Ferguson are one of the most experienced LASIK teams in the United States, with Dr. Womack performing over 50,000 LASIK surgeries to date.

Over 80% of our new patients are referred to us by a family member or friend who has experienced excellent vision and care at Dunes LASIK Center. We are excited to introduce our 20/20 Ambassador program and would like to offer you the opportunity to win an all-expense-paid trip to Las Vegas. We are sending you this letter to thank you for your trust and confidence, as well as the continued referrals and support

Refer the most patients for LASIK surgery over two months (March and April) and win a three-night stay for two in Las Vegas, with airfare, hotel and daily per diem for food! Winners will be announced on May 1, 2018! We will also have consolation prizes including Maui Jim sunglasses and gift certificates for our second and third place finishers.

Share the gift of sight with your friends and family! Take advantage of this unique opportunity and get yourself a little paid-for R and R. All you have to do is share how great it is to see clearly without glasses or contact lenses.

Contact our office and request some of our Dunes Ambassador referral cards. Use the cards so we can track your referrals when they schedule their appointment. And remember, friends don't let friends wear glasses!

Sincerely,

Dunes Lasik Center
